

# Year 5/6 Home School Task!

For your home school task this week, we would like you to create a fact file about a famous person from Wales. Your fact file will need to include a picture of the famous person (drawing or photograph) as well as the following:

- Their full name and date of birth
- Where they live
- Information about their families (e.g. do they have any children / siblings etc)
- Information about their favourite hobbies and interests
- Information about their career development
- Any other facts that you think may be of particular interest

It is important that you gather as much information as you can for your fact file. This is because you will be using it in class next week as part of your Welsh studies, wherein you will be asked to convert the information gathered from English into the Welsh third person.

Have a lovely weekend and we look forward to seeing you in church for Education Sunday.

Homework Due - Thursday 9<sup>th</sup> February
