

Reception Home School Activities

We have had another lovely week in Reception, and have been very busy collecting leaves, conkers and acorns! We have started printing with all our leaves and have enjoyed trying to mix our own Autumn colours!

Mathematics activity:

In school this week, we have been counting up to 20 and have had some fun "sorting" some of the things we have found! At home, can you go for an "Autumn" walk and help your child find 3 leaves, a large one, a medium one and a small one, and stick them into their homework books. Next week we are looking at all the different types of 2D shapes.

We are introducing the words "Mum" and "Dad". We have sent home pictures of the characters for the children to colour, but please help them to become familiar with the letter sounds which make Mum and Dad.

If your child is bringing home picture books about Kipper etc, please encourage your child to tell you the story in their own words after you have finished sharing the book together. Just one more gentle reminder, we do need the books to be returned once you have finished reading with your child!

Best wishes Mrs Littlejohns, Mrs Knight and all the Early Years Staff.
